

# IMPROVING OUR HEALTH

[ourunitedway.org/give](http://ourunitedway.org/give)

Your gift supports prevention services so youth and adults are healthy and avoid risky behaviors. Your gift also provides access to mental and physical health services. Our health affects all that we do, from our productivity or absences from work, to our performance in school, to our relationships with others in our community.

United Way of Northwest Georgia partners with the DEO Clinic. The DEO Clinic provides free medical care to working members of our community who do not have health insurance and lack the financial resources to access quality health care. Patients enjoy a greater quality of life and an extended life expectancy. Encouragement, take-home materials, and referrals to other resources found in the community will keep them from losing health and hope. Currently, United Way and DEO partner with CLILA to outreach to the Hispanic community about Diabetes Self-Management to assist participants in achieving better blood glucose control through knowledge, skill, and life choices to keep their diabetes under control. The entire community benefits when community members are healthy.

We envision a future where everyone in our community is healthy and thriving. United Way is dedicated to improving the mental and physical health of everyone in Whitfield and Murray counties.

WHEN YOU GIVE  
**\$365 a year**

**YOU PROVIDE ONE YEAR OF CARE FOR A PATIENT AT THE DEO CLING.**

Thanks to your gift to United Way last year:
