

DEVELOPING YOUTH LEADERS

Your gift allows 4-H members to participate in summer camps, community service activities, leadership development programs, and other fun opportunities that members might not otherwise experience. Isaac is a middle school student actively involved with United Way Community Partner, Murray County 4-H. When he first started at Murray County 4-H, he was a very shy boy who was anxious to do face-to-face activities. Since participating in 4-H, Isaac has become the youngest Tech Changemakers member, and he teaches adults digital literacy skills at the Chamber of Commerce. The benefits of the life lessons that 4-H offers are evident in Isaac. This once shy 6th grader has become an outgoing, self-confident young man. United Way enables youth like Isaac to have life-altering experiences during the summer where they can learn, have fun, and grow as leaders!

TOGETHER, WE CAN MAKE FUTURES BRIGHTER.
