

DEVELOPING YOUTH LEADERS

ourunitedway.org/give

Isaac is a middle school student and is actively involved with United Way Community Partner, Murray County 4-H. When he first started at Murray County 4-H, he was a very shy boy who was anxious to do face-to-face activities. Thanks to United Way, 4-H members can participate in summer camps, community service activities, leadership development programs, and other fun opportunities that members might not otherwise get to experience.

Isaac's 4-H camp experiences allowed him to enjoy his independence and grow his self-confidence. From his first baseball game to tubing down the Toccoa River, Isaac loved every minute. Since then, Isaac has become the youngest Tech Changemakers member at Murray County 4-H, and he teaches adults digital literacy skills at the Chamber of Commerce. The benefits of the life lessons that 4-H offers are evident in Isaac. This once shy 6th grader has become an outgoing, self-confident young man. Isaac loves 4-H and enjoys being an active member of his community.

United Way enables youth like Isaac to have life-altering experiences during the summer where they can learn, have fun, and grow as leaders!

YOU PROVIDE YOUTH WITH THE OPPORTUNITY TO PARTICIPATE IN LEADERSHIP DEVELOPMENT PROGRAMS AND MENTORING.

Thanks to your gift to United Way last year:
