

# EMPOWERING YOUTH LEADERS

The Youth United Council is a dynamic United Way of Northwest Georgia leadership program powered by the University of Georgia's J.W. Fanning Institute for Leadership Development. Our 2024-2025 Council is comprised of 34 area high school students! Focused on 11th and 12th graders, this program focuses on leadership and citizenship skills through engaging hands-on activities and real-life opportunities, aiming to build individual leadership abilities, foster positive group dynamics, and boost civic and community involvement. Youth United provides a robust foundation in leadership, equipping students with essential skills, igniting their passion for community leadership, enhancing self-efficacy in civic engagement, and bolstering their confidence to take action in their schools, neighborhoods, and beyond. United Way is proudly shaping the future by empowering these young leaders today!

**UNITED, WE DO MORE.**
